

Employee of the Month
October 2004

Linda Steffey – Pulaski Elementary School

The selection committee respectfully requests that Linda Steffey of Pulaski Elementary School/Claremont Campus be named as Employee of the Month for October 2004. Linda has been an employee of Pulaski County Public Schools for twenty-four (24) years. She was an instructional paraprofessional for ten (10) years and is currently the office manager/bookkeeper at Claremont Elementary. Mrs. Steffey will soon become the office manager/bookkeeper for our new Pulaski Elementary School.

Linda was nominated by fifty (50) of her friends and colleagues. She is an outstanding bookkeeper and secretary and has met the increased demands of administering two federal grants in the last five years. Her current principal, Dr. Parsons, says that Mrs. Steffey is one of the most competent persons with whom she has ever worked. The teachers and staff express that: "Linda is the glue that holds our school together."

Mrs. Steffey maintains a well-organized and efficient school office. She has a smile for everyone, is a mechanical wonder with office machines, and is always willing to go the extra distance to meet the needs of students, staff and parents.

Mrs. Steffey's contributions to Claremont Elementary School's students, staff and parents reflect great credit on her and the Pulaski County Public Schools.
