

Employee of the Month
April 2005

Rick Boland – Technology Department

The selection committee respectfully requests that Rick Boland of the Technology Department of Pulaski County Public Schools be named as Employee of the Month for April 2005. Rick has a bachelor's degree from Southwest Baptist University and a master's degree from the University of Missouri. He has been the Network Administrator for Pulaski County Public Schools for six (6) years.

Mr. Boland exhibits professionalism, expertise, and flexibility on a daily basis. He is always just a phone call away for friendly support with computer, network, and email questions or concerns. Rick is extremely knowledgeable and is an astute problem solver. Though he typically has a much deeper understanding of the intricacies of a technological problem, Rick is able to help even computer novices work through a problem.

Rick is an outstanding team member and eagerly supports his colleagues in the technology department. His colleagues depend on him for advice, counsel and support and the entire system depends on him for his management of student and staff accounts. Rick is able to handle each of these tasks with flawless ability and quiet humor.

Rick projects the best possible image for the technology department and for Pulaski County Public School. He is a true asset to our students, staff and community.
