

**Employee of the Month**  
**March 2005**

**Betty Jenks – Dublin Elementary School**

The selection committee respectfully requests that Mrs. Betty Jenks of Dublin Elementary be named as Employee of the Month for March 2005. Betty is the nurse at Dublin Elementary School and the Dublin Preschool. She has been an employee of Pulaski County Public Schools for four (4) years. She received her Licensed Practical Nurse (LPN) degree through the Radford LPN program. She has also been a nurse at the hospital and individual doctor levels.

Mrs. Jenks is an outstanding care giver who always goes above and beyond the call of duty. She maintains a well-organized and efficient school nurse's office and is concerned for the health and well being of each student, parent and teacher who enters the building. Betty goes beyond her job responsibilities on a daily basis by arriving early and staying late. She also has made sure that all staff and community members have access to earning CPR certification.

One nominator says: "Mrs. Jenks has an uncanny ability to console, comfort and care. She is known to her grandchildren as Mam and to the teachers as Mama Jenks, and to the students as The Nurse." Perhaps the best indicator that Mrs. Jenks should be named our "Employee of the Month" is mentioned by another of her nominators. This parent writes: "No one can take care of your child like you do as a mother, but she surely comes close."

Mrs. Jenks' contributions to Dublin Elementary School's students, staff, and parents reflect great credit on her and the Pulaski County Public Schools.
