

**Employee of the Month**  
**March 2009**

**Sheila Brown – Operations and Maintenance**

The selection committee respectfully requests that Ms. Shelia Brown be named Employee of the Month for March 2009. Ms. Brown attended New River Valley Community College studying business and accounting. An employee of Pulaski County for over eight (8) years, Shelia serves as an administrative assistant for the Director of Operations.

Ms. Brown is a dedicated and hardworking employee who goes above and beyond her duties. She has worked diligently to implement the Versa Trans bus routing software to improve the efficiency of our bus transportation system. In addition, she worked tirelessly to ensure that the new Riverlawn Elementary School was ready for students, staff members, and the public. Her creative ideas included bee cookies, bee t-shirts, and the purchase of a bee mascot suit that was worn during open house by one ill-fated employee. Those who work closely with Shelia say that she is creative, eager to help others, and treats everyone with respect.

Ms. Brown's creativity and helpful demeanor are assets that she willingly uses to serve Pulaski County Public Schools.
