

**Teacher of the Month**  
**November 2004**

**Beverly Rader – Riverlawn Elementary School**

The selection committee is proud to recommend to the board that Ms. Beverly C. Rader be named as “Teacher of the Month” for November 2004.

Ms. Rader is a fifth grade teacher at Riverlawn Elementary School and is in her thirty-third year of teaching. She holds a BS degree and an MS degree from Radford University in Elementary Education. Beverly is singled out by her peers and the parents of her students as being a teacher that stops at nothing to ensure student success. She has taught summer school for many years and has, on her own time, provided tutoring for students before and after school and often during her own lunch time.

Beverly also makes blankets for the “Snoopy Project” in Radford, providing warmth and comfort for many needy people.

Beverly’s dedication to her students and her community reflect great credit upon her and Pulaski County Public Schools. We are very pleased to have her represent PCPS as the “Teacher of the Month”.
