

PCPS Scores High Marks in State SOLs
Friday November 8, 2002

Every year, the state of Virginia sends a "report card" to each school district to let them know how all of their schools are doing with the state Standards Of Learning (SOLS). The only difference between student report cards and district report cards is that instead of grades, districts receive accreditation ratings.

Congratulations students, teachers, and staff in Pulaski County!

The 2002-2003 Accreditation Ratings have been announced and ...

Pulaski County Public Schools is fully or provisionally accredited in **EVERY SCHOOL!**
